

COOK BOOK

Food Guide

Simple, Never Less — Time for you

To everyone navigating multiple roles in life—we honor you. We hope to create your own moment of calm, and help you find your natural rhythm again.

Food Guide Tips

Steam heating basics

- Water from the tank is delivered to the steam generator, then released into the cavity to cook food.
- Food generally does not need to be covered during steaming.
- Fill the water tank before each use to prevent interrupted steam.
- Open the door carefully after cooking to avoid steam burns.
- Clean the oven promptly after each use.

Steaming tips

Nutrition Tips

- [Keep ingredients fresh] Because steaming does not easily dissolve the protein in the ingredients into the water, and the seasonings do not easily penetrate into the ingredients, the ingredients should be fresh and tender.
- [Layer ingredients properly] When steaming, pay attention to the order of layering: place vegetables that need less broth on top, vegetables that need more broth on the bottom; light-colored vegetables on top, dark-colored vegetables on the bottom; vegetables that are harder to cook on top, and those that cook easily on the bottom.

Parameter Adjustment

Cooking methods are closely related to the characteristics of the ingredients. The ingredient quantities and cooking times provided in this book are suitable pairings that have been tested and verified.

You may adjust them appropriately according to the amount needed, personal taste, and preferences.

Baking heating basics

- Heating tubes raise the cavity temperature while the rear fan distributes heat evenly.
- After preheating, keep door openings short to maintain temperature.
- Remove food promptly after cooking to prevent over-browning.

Steaming tips

Flavor Tips

- [Heat] Generally, foods such as chicken, crab, and egg custard should be steamed over medium heat at 95°C, which helps prevent honeycomb-like holes and creates a fresh, tender, smooth texture. For shaped dishes, medium heat is also needed to maintain their form.
- [Time] Larger ingredients require a longer steaming time, while smaller pieces or sliced ingredients take less time.
- [Seasoning] Season appropriately. Ingredients can also be marinated before steaming to enhance flavor.

Quantity Reference Table

1 g ≈ 1 paper clip
5 g ≈ 1 one-yuan coin
10 g ≈ 1 quail egg
50 g ≈ 1 egg
1 soup spoon ≈ 15 g
1 teaspoon ≈ 5 g

PART 01

Kids' Meals

Nutritious meals to “recharge” kids! High-quality protein + calcium and zinc to help boost energy and keep them fully energized.

H-01 Shrimp Steamed Egg

Shrimp: springy and firm
Steamed egg: smooth and silky like custard

Food Materials

Eggs 3
Shrimp 5
Warm water 225g
Salt to taste
Light soy sauce 10g
Scallion 1

Production Methods

- 01 Crack eggs into a bowl and beat evenly with a whisk. Add warm water in a 1:1.5 ratio and a suitable amount of salt, mix well, then skim off any foam on the surface.
- 02 Cover the steaming tray lid, place it into a steam oven, and select pure steam mode at 95°C for 8 minutes.
- 03 When steaming reaches 8 minutes, open the lid and add shrimp on top of the egg mixture.
- 04 After steaming is finished, drizzle with light soy sauce and sprinkle with chopped scallions to taste before serving.

- 🕒 Shrimp Steamed Egg
- 🕒 Yam Millet Porridge (Spleen Health)
- 🕒 Steamed Silver Cod
- 🕒 Veg Steamed Chicken Thigh
- 🕒 Baby Cabbage Beef Steam

H-02 Yam Millet Porridge

Strengthens spleen & stomachThick and smooth texture

Food Materials

- Yam 500g
- Lean pork 80g
- Millet 20g
- Rice 80g
- Water 1.1L
- Salt to taste

Production Methods

- 01 Crack eggs into a bowl and whisk until well combined. Add warm water in a 1:1.5 ratio and a suitable amount of salt, mix well, then skim off any surface foam.
- 02 Cover the bowl, place it in a steamer, and steam at 95°C for 8 minutes.
- 03 After 8 minutes, open the lid, add shrimp on top, and continue steaming for 4 more minutes.
- 04 When finished, drizzle with light soy sauce and garnish with chopped scallions before serving.

Steam

*Adjust cooking time appropriately based on portion size, food shape, and type of container.

H-03 Steamed Cod

Sweet, moist and fragrant.Soft, tender and delicate

Food Materials

Cod (Silver Cod) 200g
Ginger 1 piece
Scallion 1
Peanut oil to taste
Light soy sauce 15g

Production Methods

- 01 Use kitchen paper to absorb excess moisture from the cod, then place it on a plate.
- 02 Top the fish with an appropriate amount of scallion and ginger slices.
- 03 Place the plate into a steam oven and steam at 100°C for 10 minutes using pure steam mode.
- 04 After steaming, remove the fish, discard the cooked ginger and scallion, and replace with fresh shredded scallion and ginger.
- 05 Pour over hot peanut oil and drizzle with light soy sauce (or steamed fish soy sauce). Serve immediately.

Steam

100°C

10min

*Adjust cooking time appropriately based on portion size, food shape, and type of container.

H-04 Steamed Chicken & Veg

Tender, silky and fragrant; rich in nutrients.

Food Materials

Chicken drumsticks 2 pieces
Carrot 1/2
Potato 1
Ginger 1 piece
Onion 1
Salt to taste
Light soy sauce to taste
Oyster sauceto taste
Starchto taste

Production Methods

- 01 1. Wash chicken drumsticks, onion, and ginger. Peel potatoes and carrots and cut into evenly sized chunks. Slice onion and ginger and set aside.
- 02 Score the chicken drumsticks 2–3 times on the surface to help absorb flavor. Add onion slices and ginger slices, then season with salt, light soy sauce, oyster sauce, and starch. Mix well and marinate for 20 minutes.
- 03 Take a plate and evenly spread diced potatoes and carrots on the bottom. Place the marinated chicken drumsticks on top of the vegetables.
- 04 Put the plate into a steam oven. Select pure steam mode at 100°C and steam for 25 minutes.
- 05 Once finished, sprinkle with chopped scallions if desired, then serve.

Steam

100°C

25min

*Adjust cooking time appropriately based on portion size, food shape, and type of container.

H-05 Steamed Beef & Veg

Fresh, sweet and delicious; soft, tender and juicy.

Food Materials

- Beef 300g
- Baby napa cabbage 1 head
- Garlic 5 cloves
- Salt to taste
- Starch 5 g
- Light soy sauce 10 g
- Oyster sauce 5 g
- White pepper powder to taste
- Peanut oil to taste

Production Methods

- 01 Slice the beef thinly against the grain. Wash the baby napa cabbage and cut into evenly sized pieces. Mince the garlic and set aside.
 - 02 Add minced garlic to the beef slices, then season with salt, light soy sauce, oyster sauce, white pepper powder, and starch. Mix well, then add a small amount of peanut oil to seal. Marinate for 10 minutes.
 - 03 Take a plate and evenly spread the baby napa cabbage on the bottom. Place the marinated beef slices evenly on top of the cabbage.
 - 04 Put the plate into a steam oven. Select pure steam mode at 100°C and steam for 12 minutes.
- Once finished, sprinkle with chopped scallions if desired, then serve.

Steam

100°C

12min

*Adjust cooking time appropriately based on portion size, food shape, and type of container.

PART 02

Fat loss meal

Reshape a lighter, more balanced body and start your “light” lifestyle.

H-06 Lemon Roast Chicken Breast

Fresh lemon brightness cuts through greasiness; the chicken stays tender, juicy, and never dry.

Food Materials

- Chicken breast 3 pieces
- Lemon 1
- Onion 1
- Garlic slices 3 cloves
- Cherry tomatoes 3
- Black pepper to taste
- Salt —to taste
- Light soy sauce to taste
- Starch 1/2 teaspoon

Production Methods

- 01 Score the surface of the chicken breast 2–3 times to help it absorb flavor. Remove seeds from the lemon and slice it. Slice the onion and mince the garlic, then set aside.
- 02 Season the chicken breast with salt, black pepper, light soy sauce, and half a spoon of starch. Add lemon slices, onion strips, and minced garlic. Mix well and marinate for 20 minutes.
- 03 Line a baking tray with foil and place a rack on top. Put the marinated chicken breasts on the rack, and arrange cherry tomatoes or other preferred vegetables around them.
- 04 Bake at 200°C for 20 minutes.
- 05 Once done, plate the ingredients and serve.

Steam Bake 200°C 20min

*Adjust cooking time appropriately based on portion size, food shape, and type of container.

- Lemon Roast Chicken Breast
- Low-Cal Beef & Veg Roast
- Juicy Roasted Salmon
- Steamed Okra
- Air-Fried Chicken Salad

H-07 Low-Cal Beef & Veg Roast

Low-fat, delicious and nutritious; a balanced diet for everyday health.

Food Materials

- Beef 400 g
- Small potatoes 3
- Broccoli 1 head
- Small pumpkin 1
- Corn 1 cob
- Cherry tomatoes to taste
- Salt to taste
- Black pepper to taste
- Olive oil to taste

Production Methods

- 01 Wash and cut the small potatoes, broccoli, pumpkin, corn, and cherry tomatoes into suitable pieces. Season with black pepper, salt, and olive oil, and mix well. Cut the beef into strips and marinate evenly with black pepper, salt, and olive oil.
- 02 Line a baking tray with foil and place a rack on top. Spread the marinated potatoes and vegetables evenly on the tray, then place the seasoned beef strips on top.
- 03 Put into a steam oven and bake at 180°C for 30 minutes:
 - ① Take out broccoli after 10 minutes;
 - ② Take out beef strips and corn after 15 minutes;
 - ③ Remove potatoes and pumpkin after 30 minutes.
- 04 Once finished, plate and serve.

Steam Bake

180°C

30min

*Adjust cooking time appropriately based on portion size, food shape, and type of container.

H-08 Juicy Roasted Salmon

Lemon fragrance fills the air; the meat is tender and juicy.

Food Materials

Salmon 250 g
Broccoli 1 head
Cherry tomatoes 3
Lemon 1
Rosemary to taste
Black pepper to taste
Salt to taste

Production Methods

- 01 Use kitchen paper to thoroughly pat the salmon dry. Evenly season the surface with salt and black pepper, then add a small amount of freshly grated lemon zest. Let it marinate for 5 minutes. Meanwhile, wash the broccoli, cherry tomatoes, and lemon. Cut the broccoli and cherry tomatoes into small pieces, and slice the lemon.
- 02 Line a baking tray with foil. Place the marinated salmon in the center of the tray, and arrange broccoli, cherry tomatoes, and lemon slices around it.
- 03 Preheat the steam oven to 200°C, then select the gentle bake mode and cook for 15 minutes.
- 04 Once finished, plate the ingredients and serve. Sprinkle rosemary on top according to personal preference before eating.

Section 1:  Preheat  200°C

Section 2:  Steam Bake  200°C  15min

*Adjust cooking time appropriately based on portion size, food shape, and type of container.

Fat loss meal 13

H-09 Steamed Okra

Crispy, tender, fresh and sweet; nutritious and delicious.

Food Materials

Okra 500 g
Garlic 2 cloves
Small chili peppers 2-3
(adjust to taste)
Light soy sauce to taste

Production Methods

- 01 Wash the okra and remove the stems. Cut in half lengthwise (cut side facing up for better absorption of flavor) and arrange neatly on a plate. Slice the garlic and cut the small chili peppers into rings (omit if not spicy).
- 02 Evenly spread the garlic slices and chili rings over the okra, then place into a steam oven.
- 03 Select pure steam mode at 100°C and steam for 10 minutes.
- 04 After steaming, drizzle with an appropriate amount of light soy sauce (or steamed fish soy sauce), then serve.

 Steam  100°C  10min

*Adjust cooking time appropriately based on portion size, food shape, and type of container.

Fat loss meal 14 | 

H-10 Chicken Salad

Low-fat and filling; fresh, light, and appetizing.

Food Materials

- Chicken 2 pcs
- Potato 2 pcs
- Cauliflower 1 head
- Eggplant 200 g
- Baking mix 1 pack
- Egg 1 pc
- Starch 2 g
- Ginger 15 g
- Black pepper to taste
- Salt to taste

Production Methods

- 01 Dice potato into small cubes. Wash cauliflower thoroughly and cut into florets about 3-4 cm. Cook together with chicken using steam-bake mode at 100°C for 15 minutes. (Remove cauliflower after 5 minutes; continue steaming potatoes and eggs for another 15 minutes.)
- 02 Dice chicken breast. Add appropriate amounts of black pepper, salt, egg, baking mix, and starch. Mix evenly and beat until smooth for about 10 minutes.
- 03 Brush beaten egg mixture onto the prepared potatoes. Mix with black pepper and baking mix, then add marinated chicken. Steam-bake at 185°C for 15 minutes.
- 04 After cooking is finished, plate the ingredients and serve.

Section 1:   
Steam 100°C 15min

Section 2:   
Air Fry 185°C 15min

*Adjust cooking time appropriately based on portion size, food shape, and type of container.

PART 03

Wellness Stew

A bowl of wellness, the way of mindful nourishment.

H-11 Ginseng Black Chicken Soup

Boost Qi & Blood, Nourish the Liver and Support Eye Health

Food Materials

Chicken (or Silkie Chicken) x1
American Ginseng 10g
Red Dates x4
Candied Dates x2
Polygonatum 5 slices
Cooking Wine 15g
Ginger 3 slices
Salt q.s.

Production Methods

- 01 Wash the black chicken, remove excess fat and blood clots. Blanch in cold water, add sliced ginger and cooking wine. Skim off foam, then soak the chicken in clean water for 5 minutes and set aside.
- 02 Place the prepared black chicken and blanched soup ingredients into a pot. Add water and simmer for 8 minutes.
- 03 Pour the soup into a stewing pot. Set to steam-bake mode at 120°C for 60 minutes.
- 04 After stewing is complete, add appropriate salt to taste, mix well, and serve.

Steam

120°C

60min

*Adjust cooking time appropriately based on portion size, food shape, and type of container.

- Ginseng Black Chicken Soup
- Rock Sugar Pear Soup
- Peach Gum Red Date Milk
- Canton Yam Pork Rib Soup
- Morel & Abalone Soup

H-12 Rock Sugar Pear Soup

Moisturize the lungs, soothe cough, and support wellness

Food Materials

Pear ×4
Red Dates ×5
Goji Berries 3g
Rock Sugar 40g

Production Methods

- 01 After cleaning the snow pear, remove the core and peel, then cut into evenly sized small cubes. Soak in clean water to prevent oxidation.
- 02 Wash the red dates, remove pits with a knife, and cut into small pieces for later use.
- 03 Bring water to a boil, blanch the snow pear pieces together with red dates, goji berries, and rock sugar. Add rock sugar only after water boils, adjust sweetness according to taste.
- 04 Transfer all ingredients into a stewing pot. Select steam-bake mode at 120°C for 60 minutes.
- 05 After cooking, remove and let cool slightly before serving.
- 06 Leftovers can be sealed and stored in the refrigerator. They taste fresher and more refreshing when chilled.

Steam

120°C

60min

*Adjust cooking time appropriately based on portion size, food shape, and type of container.

H-13 Peach Gum Red Date Milk

Nourish & Beauty · Sweet & Tender

Food Materials

Peach Gum 10g
Snow Swallow 10g
Red Dates 20g
Milk 200g
Water 200g
Rock Sugar 30g
Goji Berries 3g

Production Methods

- 01 Soak peach gum and snow swallow in cold water overnight until fully expanded. Remove impurities after soaking, wash thoroughly, and set aside. Wash red dates, remove pits, and set aside.
- 02 Place peach gum, snow swallow, red dates, and rock sugar into a pot. Add water and simmer. Adjust cooking time according to ingredient expansion (snow swallow cooks faster).
- 03 Transfer everything into a stewing pot. Select steam-bake mode at 120°C for 60 minutes.
- 04 After cooking is finished, open the lid and add an appropriate amount of rock sugar and milk into the pot. Stir well, cover again, and continue steaming for 10 minutes.
- 05 Remove and serve hot. It can also be enjoyed chilled after cooling.

Steam

120°C

60min

*Adjust cooking time appropriately based on portion size, food shape, and type of container.

H-14 Canton Yam & Rib Soup

Clear & refreshing sweetness · Savory umami finish

Food Materials

Ribs 400g
Yam 200g
Scallion 1
Red Dates 2
Lily Bulb 2
Goji 3g
Ginger 3 slices
Salt q.s.

Production Methods

- 01 Wash pork ribs and blanch in cold water. Skim off impurities. Remove ginger skin and cut ginger and yam into pieces. Wash red dates, lily bulbs, and goji berries in warm water for 5 minutes, then remove pits from red dates and set aside.
- 02 Place the blanched pork ribs into a pot. Add yam chunks, ginger slices, red dates, lily bulbs, goji berries, and other ingredients together. Add water until ingredients are fully submerged. Adjust water amount according to desired soup richness.
- 03 Transfer to a stewing pot and select pure steam-bake mode at 120°C for 60 minutes. After the program ends, keep it covered and let it rest for another 30 minutes to enhance flavor extraction.
- 04 After stewing is complete, add appropriate salt to taste, mix well, and serve.

Steam

120°C

60min

*Adjust cooking time appropriately based on portion size, food shape, and type of container.

H-15 Morel & Pigeon Soup

Gentle nourishment · Fresh broth and tender meat

Food Materials

Pigeon (Squab) ×2
Morel Mushrooms 10 pcs
Red Dates ×6
Lotus Seeds ×5
Longan ×3
Bird's Nest 5g
Salt q.s.

Production Methods

- 01 Clean the pigeon thoroughly. Remove tail and excess fat, then cut into halves. Blanch the pigeon in boiling water with ginger slices for about 5 minutes until foamy. Remove and rinse with cold water. Soak red dates, goji berries, lily bulbs, and dried bird's nest in clean water for later use.
- 02 Rinse the cleaned pigeon under cold water, then drain. Quickly blanch again to remove impurities and set aside.
- 03 Place the pigeon, bird's nest, and all prepared ingredients into a pot. Add water until ingredients are fully submerged (adjust water according to preferred soup richness).
- 04 Add a suitable amount of pre-soaked snow fungus and lily bulbs. Bring to a boil, then select steam-bake mode at 120°C for 60 minutes.
- 05 After cooking is complete, add appropriate salt to taste, stir well, and serve.

Steam

120°C

60min

*Adjust cooking time appropriately based on portion size, food shape, and type of container.

PART 04

Bakery & Desserts

A bite of sweetness, a moment of delight—let happiness softly unfold on your palate.

H-16 Cloud Chiffon Cake

Light and fluffy lotus texture · Rich, fragrant egg aroma

Food Materials

- Eggs 5
- Milk 80g
- Cake flour 90g
- Corn oil 50g
- Sugar 80g
- Lemon juice 5g

Section 1:

- 
- Preheat 155°C

Section 2:

- 
- Bake 155°C 55min

Production Methods

- 01 Prepare the egg yolk batter and meringue:
① Separate eggs carefully, ensuring bowls are clean and oil-free. Separate egg whites and yolks using a separator. ② Egg yolk batter: Mix milk and corn oil evenly. Add sifted low-gluten flour and stir until no dry powder remains. Add egg yolks and mix until smooth and fine, slightly glossy.
③ Meringue: Add lemon juice to egg whites. Whip with an electric mixer until foamy. Add sugar in 3 batches, whipping until stiff peaks form. When lifting the whisk, the meringue forms a small upright peak.
- 02 Fold the meringue into the egg yolk batter in batches and mix evenly. Pour into an 8-inch mold and gently tap to release air bubbles.
- 03 Preheat oven or steam-bake machine to 155°C, then bake for 55 minutes at 155°C.
- 04 After baking, invert the mold to cool. Once cooled, unmold, slice, and serve.

*Adjust cooking time appropriately based on portion size, food shape, and type of container.

- ☉ Cloud Chiffon Cake
- ☉ Healthy Whole Grain Bread
- ☉ Milk Toast
- ☉ Portuguese Egg Tart
- ☉ Butter Cookies

H-17 Healthy Whole Grain Bread

Zero sugar, zero fat Healthy fullness

Food Materials

Bread flour 250g
Milk 180g
Egg 1
Black sesame powder 20g
Red dates 3
Walnuts 5
Yeast 3g
Salt 2g

Production Methods

- 01 Add milk into a bowl. Mix with yeast and fine sugar until fully dissolved.
- 02 Add bread flour, eggs, black sesame powder, and walnuts in batches. Then add pre-chopped red dates and walnuts. Mix until no dry powder remains. Cover and let rest for 20 minutes for autolyse.
- 03 After resting, the dough becomes smoother. Wet your hands slightly, lift and fold the dough 7-8 times to strengthen gluten development, then continue proofing.
- 04 Place the dough into a steamer or proofing machine. Use fermentation mode at 35°C and proof for 40 minutes, until the dough expands to 1.5 times its size.
- 05 Transfer the dough onto a baking tray dusted with flour. Shape into a log or desired form. Fold and shape, then rest for 20 minutes for second proofing.
- 06 Preheat oven or baking machine to 150°C. Score the dough surface, then bake at 150°C for 30 minutes.
- 07 After baking, remove, let cool slightly, slice, and serve.

Section 1:

Fermentation 35°C 40min

Section 2:

Preheat 150°C

Section 3:

Bake 150°C 30min

*Adjust cooking time appropriately based on portion size, food shape, and type of container.

H-18 Milk Toast

Rich milk fragrance Light, fluffy and tender texture

Food Materials

Bread flour 500g
Sugar 38g
Fresh yeast 18g
Butter 50g
Salt 6g
Milk 350g
Egg wash 26g

Section 1:

 
Preheat 165°C

Section 2:

  
Bake 165°C 30min

*Adjust cooking time appropriately based on portion size, food shape, and type of container.

Production Methods

- 01 Place all ingredients except butter into a stand mixer. Mix until a rough dough forms and gluten begins to develop. Then add softened butter and continue kneading until the dough reaches a full windowpane stage.
- 02 Place the dough in a 28°C room temperature environment and cover with plastic wrap. Let it proof until it doubles in size. Punch down the dough to release air, divide into 4 equal portions, shape into rounds, and rest for 15 minutes.
- 03 ① First rolling: Take one dough portion, roll it into an oval shape (tongue shape). Flip it over, then roll it up from top to bottom. Repeat for all pieces and rest for 15 minutes.② Second rolling: Degas the rested dough slightly, gently remove air bubbles around the edges, then roll again from top to bottom. Place into a loaf pan for second proofing until it reaches about 90% of the mold height.
- 04 Preheat the steam oven to 165°C. Place the loaf pan inside and bake in baking mode for 30 minutes.
- 05 After baking, tap the loaf pan firmly a few times to release the bread. Remove the loaf and cool on a wire rack before slicing and serving.

H-19 Portuguese Egg Tart

Crispy Puff Pastry Lotus Paste Tart Rich Egg & Milk Aroma

Food Materials

Tart shells 6
Egg 1
Egg yolk 1
Milk 80g
Heavy cream 100g
Sugar 35g

Production Methods

- 01 Place whole eggs and egg yolks into a bowl. Add granulated sugar and whisk until the sugar is fully dissolved.
- 02 Add milk and heavy cream into the egg mixture. Mix well, then strain through a fine sieve twice to ensure a smooth, lump-free texture.
- 03 Remove egg tart shells from the refrigerator and let them return to room temperature briefly. Pour the strained egg custard mixture into the tart shells, filling them about 80% full (do not overfill to prevent spilling during baking).
- 04 Preheat the steam oven to 200°C. Place the egg tarts inside and bake at 200°C for 18 minutes.
- 05 After baking, remove the egg tarts and let them cool slightly before serving.

Section 1:  
Preheat 200°C

Section 2:   
Bake 200°C 18min

*Adjust cooking time appropriately based on portion size, food shape, and type of container.

H-20 Butter Cookies

Rich milk fragrance || Crispy and melt-in-the-mouth texture

Food Materials

Cake flour 90g
Butter 60g
Powdered sugar 25g
Egg yolk 1
Heavy cream 50g

Production Methods

- 01 Soften butter at room temperature. Add sugar and beat with an electric mixer until fully combined, light, and fluffy.
- 02 Add 1 egg yolk at a time into the butter mixture, continuing to beat until fully absorbed and smooth with no separation.
- 03 Add the whipped cream in two batches. Mix well after each addition until fully emulsified, avoiding oil-water separation.
- 04 Finally, add cake flour and mix using a folding or cutting motion until no dry powder remains.
- 05 Transfer the batter into a piping bag. Pipe into a baking mold and shape into the desired form. Lightly press to smooth the surface.
- 06 Preheat oven or steam oven to 160°C. Bake for 25 minutes at 160°C.
- 07 After baking, remove and let cool. Slice and serve.

Section 1:  
Preheat 160°C

Section 2:   
Bake 160°C 25min

*Adjust cooking time appropriately based on portion size, food shape, and type of container.

PART 05

Quick Dishes

Be an effortless chef—delicious results without the wait~

H-21 Garlic Butter Seafood

Intensely garlicky aroma Squid with a bouncy, chewy texture

Food Materials

Squid (small) 6
Enoki mushrooms 300g
Garlic sauce 20g

Production Methods

- 01 Clean the enoki mushrooms and remove the root base. Tear into small bundles and spread evenly on a plate. Top with small squid (or other preferred seafood).
- 02 Drizzle garlic sauce evenly over the seafood, ensuring all ingredients are fully coated.
- 03 Place the plate on the second rack of a steam oven. Select steam-bake mode at 200°C and cook for 15 minutes.
- 04 After cooking, garnish with chopped scallions according to personal preference and serve.

H-22 Orleans Roasted Wings

Zero sugar, zero fat □ Healthy fullness

Food Materials

Chicken wings (mid-joint) 2 jin

Orleans marinade 30g

Light soy sauce 10g

Oyster sauce 10g

Scallion 1

Ginger 1 piece

Production Methods

- 01 Wash the chicken wings and pat dry with kitchen paper to remove excess moisture. Place in a large bowl. Add Cajun/Orleans marinade, light soy sauce, and oyster sauce. Mix well until evenly coated. Cover and refrigerate for at least 6 hours.
- 02 Line a baking tray with parchment paper and place a rack on top. Spread the marinated chicken wings evenly on the rack, avoiding overlap.
- 03 Preheat the steam oven to 200°C. Select air mode (or bake mode) and cook at 200°C for 15 minutes.
- 04 After cooking, remove and plate the chicken wings. Garnish if desired and serve.

Air Fry

200°C

*Adjust cooking time appropriately based on portion size, food shape, and type of container.

H-23 Cordyceps Steamed Beef

Healthy nourishment □ Tender, smooth and fragrant

Food Materials

Beef 200g
Cordyceps flowers 100g
Ginger 1
Scallion 1
Red dates 2
Soy sauce 10g
Oyster sauce 10g
Black pepper 5g
Peanut oil 10g
Starch 3g
Salt q.s.

Production Methods

- 01 Slice the beef into thin pieces. Wash cordyceps flowers thoroughly and drain. Cut ginger into shreds. Slice scallions into segments. Remove pits from red dates and cut into small pieces.
- 02 Add ginger, red dates, and scallions to the beef first. Then add appropriate amounts of salt, light soy sauce, oyster sauce, black pepper powder, and starch. Mix well. Finally, drizzle in a suitable amount of peanut oil and marinate evenly.
- 03 Add cordyceps flowers into the marinated beef and mix well to allow the mushrooms to absorb the meat juices and oil. Then spread evenly on a plate.
- 04 Place the plate into a steam oven. Select steam mode at 100°C and cook for 12 minutes.
- 05 After cooking, garnish with scallions according to personal preference and serve.

Steam

100°C

12min

*Adjust cooking time appropriately based on portion size, food shape, and type of container.

H-24 Thai Lemongrass Grill

Lemongrass spicy aroma with a lingering sweetness □ Pork is crisp, bouncy, and firm

Food Materials

Pork neck 500g
Cilantro 1
Celery 1
Garlic 5 cloves
Chili 1-2
Light soy sauce 25g
Dark soy sauce 5g
Fish sauce 25g
Honey 25g
Oyster sauce 20g

Production Methods

- 01 Use a fork to prick small holes evenly across the surface of the pork neck. Set aside.
- 02 Chop lemongrass, cilantro, bird's eye chili, and garlic. Place them into a small bowl and blend into a smooth paste.
- 03 Add salt, light soy sauce, dark soy sauce, fish sauce, honey, and oyster sauce into the paste and mix well. Coat the pork neck evenly with the marinade, then seal and marinate for at least 2 hours.
- 04 After marinating, scrape off excess seasoning from the surface. Let it rest for 2-3 minutes (line the baking tray with foil during this time). Then place the pork neck onto the tray.
- 05 Preheat oven to 200°C. Bake at 200°C for 15 minutes until the surface is slightly charred.
- 06 Remove from the oven, plate, and serve.

Steam Bake

200°C

15min

*Adjust cooking time appropriately based on portion size, food shape, and type of container.

H-25 Steamed Egg Meatloaf

Pure natural taste Nutritious and healthy

Food Materials

Minced lean pork 300g

Eggs 3

Dried shiitake 5

Salt q.s.

Soy sauce 15g

Oyster sauce 10g

Starch q.s.

White pepper 5g

Ginger scallion water 20g

Production Methods

- 01 Add salt to the minced pork. Gradually add ginger and scallion water in 2-3 batches while stirring in one direction with chopsticks until the meat becomes sticky and elastic.
- 02 Wash and finely chop shiitake mushrooms, then add into the meat mixture. Add 15g light soy sauce, 10g oyster sauce, and 5g white pepper powder. Continue mixing evenly. Finally, add cornstarch and mix well. Let rest for 5 minutes to allow the flavors to absorb.
- 03 Place the meat mixture into a bowl and smooth the surface. Use a spoon to press 3 small indentations on top, and crack 1 egg into each indentation.
- 04 Place the bowl into a steam oven. Select steam mode at 100°C and cook for 20 minutes.
- 05 After cooking, garnish with chopped scallions according to personal preference and serve.

Steam

100°C

20min

*Adjust cooking time appropriately based on portion size, food shape, and type of container.

PART 06

Homestyle cooking

The warmth of human life is best reflected in simple home-cooked meals.

H-26 Cantonese-style Steamed Fish

Tender, silky fish with a light and fresh savory aroma

Food Materials

Cod 1
Ginger 1
Scallion 1
Peanut oil 10g
Soy sauce (Steamed fish sauce) 10g
Salt q.s.

Production Methods

- 01 Clean the fish fillets and remove connective tissue. Make shallow cuts on both sides of the fish. Soak in salted water for 2 minutes to remove odor. Then cut scallions into sections and ginger into slices.
- 02 Use kitchen paper or a clean cloth to absorb surface moisture from the fish. Place the fish on a plate and arrange ginger slices and scallion sections around and inside the fish body.
- 03 Place the fish into a steamer. Select steam mode at 100°C and cook for 8 minutes.
- 04 After steaming, remove the fish and discard the ginger and scallions on the surface. Garnish with fresh scallions and ginger strips, then drizzle with light soy sauce (or steamed fish soy sauce) and serve.

Steam

100°C

8min

*Adjust cooking time appropriately based on portion size, food shape, and type of container.

- Cantonese-style Steamed Fish
- Cumin Roasted Lamb Chops
- Porcini Steamed Chicken
- Garlic Seafood Platter
- Honey-glazed BBQ Ribs

H-27 Cumin Roasted Lamb Chops

Caramel-braised lamb ribs with a savory apricot glaze

Food Materials

Lamb chops 3
Mint 3 leaves
Rosemary q.s.
Cumin powder q.s.
Curry powder q.s.
Black pepper salt q.s.
Cherry tomatoes 3
Salad greens 50g

Production Methods

- 01 Wash lamb chops and pat dry with kitchen paper to remove surface moisture. Wash and drain salad greens and cherry tomatoes; set aside.
- 02 Combine mint leaves, rosemary, cumin powder, curry powder, and black pepper salt. Add a suitable amount of water and blend into a smooth sauce using a blender.
- 03 Place lamb chops on a tray and evenly coat with the prepared sauce. It is recommended to wear gloves and massage the marinade into each piece until fully coated. Marinate for 10 minutes.
- 04 Line a baking tray with foil and place a rack on top. Arrange the marinated lamb chops evenly on the rack.
- 05 Preheat steam oven to 190°C. Place the tray inside and bake using grill mode at 190°C for 20 minutes.
- 06 After baking, plate the lamb chops with salad greens and cherry tomatoes and serve.

Steam Bake

190°C

20min

*Adjust cooking time appropriately based on portion size, food shape, and type of container.

H-28 Porcini Steamed Chicken

Fragrant mushrooms infused to the bone. Juicy and tender meat

Food Materials

Chicken wings 300g
Porcini 50g
Broccoli 100g
Red dates 5
Salt q.s.
Sugar q.s.
Soy sauce 10g
Oyster sauce 10g
Ginger 1
Scallion 1

Production Methods

- 01 Cut porcini mushrooms, ginger slices, and broccoli into small florets. Cut scallions into sections.
- 02 Clean the chicken wings and split each wing into two parts. Add scallion segments and ginger slices, then season with salt, light soy sauce, oyster sauce, and sugar. Mix well and marinate for 10 minutes.
- 03 Take a serving plate and layer broccoli and porcini mushrooms first. Place the marinated chicken wings on top of the vegetables.
- 04 Place the plate into a steam oven. Select pure steam mode at 100°C and steam for 15 minutes.
- 05 After steaming, garnish with chopped scallions according to personal preference and serve.

 Steam  100°C  15min

*Adjust cooking time appropriately based on portion size, food shape, and type of container.

H-29 Garlic Seafood Platter

Intensely garlicky aroma. So fresh it's irresistible

Food Materials

Flower crab 4
Black tiger shrimp 8
Octopus 6
Clams 8
Scallops 2
Enoki mushrooms 300g
Garlic sauce 100g

Production Methods

- 01 Clean all ingredients thoroughly. Trim off the root base of enoki mushrooms and tear into small clusters. Set aside.
- 02 Line a baking tray with a layer of foil. Spread enoki mushrooms evenly on the bottom, then place the prepared seafood on top.
- 03 Drizzle garlic sauce evenly over the surface of the seafood.
- 04 Place the tray into a steam oven. Select pure steam mode at 100°C and steam for 15 minutes.
- 05 After cooking, garnish with chopped scallions according to personal preference and serve.

 Steam  100°C  15min

*Adjust cooking time appropriately based on portion size, food shape, and type of container.

H-30 Honey-glazed BBQ Ribs

A balance of sweet and savory. Soft, tender, and fall-off-the-bone

Food Materials

- Pork ribs 500g
- Red fermented bean curd sauce 15g
- Soy sauce 10g
- Oyster sauce 5g
- Garlic 5 cloves
- Honey 20g
- Black pepper 3g
- Five spice powder 3g

Production Methods

- 01 Soak pork ribs in clean water for 20 minutes to remove blood. Drain and pat dry with kitchen paper.
- 02 Finely chop garlic. Mix fermented red bean curd sauce, light soy sauce, oyster sauce, minced garlic, black pepper powder, and five-spice powder to make a marinade.
- 03 Add pork ribs into the marinade and mix well. Marinate for 10 minutes. Line a baking tray with foil, place the marinated ribs on it, and wrap tightly with foil.
- 04 Preheat the oven to 180°C. Bake in baking mode at 180°C for 60 minutes.
- 05 After 60 minutes, open the foil and brush a layer of honey evenly over the ribs. Increase temperature to 200°C and continue baking for 15 minutes.
- 06 After cooking, remove the ribs, plate, and garnish with chopped scallions before serving.

Section 1:  
Preheat 180°C

Section 2:   
Steam Bake 180°C 60min
200°C 15min

*Adjust cooking time appropriately based on portion size, food shape, and type of container.
